

California

The sugar-using industry generates more than 600,000 jobs nationwide, including more than 91,000 in California. To help maintain these jobs and support job creation in California and across America, Congress must reform the current U.S. sugar program.

California Sugar-Using Industry Employment & Economic Contributions¹

Sector	Employment in the United States (2012)	Establishments in California (2012)	Employment in California (2012)	Annual Payroll (millions) ²	Value of Shipments (millions) ³
